

Daily Programme

Ground Floor

First Floor

Thursday 26th September

16.30– 22.00 **EARLY REGISTRATION** – Foyer Area Conference Centre

Harbour Suite

19.00– 22.00 **Satellite Symposium**
Improving Services in Chronic Disease Management for Older People
Chair: Dr. Kieran O'Connor, Geriatrician, Mercy University Hospital and St. Finbarr's Hospital, Cork

19.00 **Buffet Supper**

19.30 **Welcome Address**
 Minister of State at the Department of Health, Jim Daly TD

19.45 **Optimising Chronic Disease Management in Primary Care - Focus on Diabetes**
 Prof. Colin Bradley, Chair of Dept. of General Practice, University College Cork

20.15 **Time to Clear the Air: COPD & Inhaled Corticosteroid Therapy (ICS)**
 Dr. John Cullen, Consultant in General Internal and Respiratory Medicine, Tallaght University Hospital, Dublin

20.45 **COPD Outreach in Improving Quality of Life for Older People**
 Ciara Hanrahan, Senior Physiotherapist, COPD Outreach and Oxygen Assessment Unit, Mercy University Hospital, Cork

21.15 **Strategic Direction for Chronic Disease Management in Ireland**
 Dr. Colm Henry, Chief Clinical Officer HSE and Consultant Geriatrician, Mercy University Hospital, Cork

21.45 **Panel Discussion and Closing Remarks**

Friday 27th September

07.30 **REGISTRATION** – Foyer Area Conference Centre

Tivoli 2

08.45– **Opening Address:**

09.00 Dr. Diarmuid O'Shea, President, Irish Gerontological Society

09.00– **Keynote Address:**

09.30 **Places to Flourish in Older Age: Links Between Green Space, Health and Quality of Life**

Prof. Catharine Ward Thompson, Professor of Landscape Architecture, University of Edinburgh

09.30–
10.30

Session 1

	Harbour 5	Tivoli 2	Harbour 4
	Integrated Care	Frailty and Delirium	Gerontechnology
196	A Structured Literature Review of Diagnostic Processes and Pathways for People Living with Younger Onset Dementia	17 Is Phenotypical Prefrailty all the Same? A Longitudinal Investigation of Two Prefrailty Subtypes in a Population-Based Longitudinal Study of Ageing	49 Health and Social Care Professionals' Perceptions Regarding Home-Care Robots for Older People in Ireland: A Questionnaire Study
211	A Novel Integrated Care Approach: Supporting Older Persons to Remain at Home	141 Using Random Forest Plots to Examine Predictive and Discriminative Ability of Mobility Measures for Future Falls	252 Physicians' Perceptions to Electronic Alerts for Delirium and Dementia Screening - Qualitative Analysis of Bypass Reasons in an Electronic Patient Record
227	Screening for Frailty in the Emergency Department: Comparison of Tools	221 Delirium Detection in the ED Utilizing the 4AT Delirium Screening Tool	69 How Useful is an Integrated Assistive Technology System in a Nursing Home? Understanding its Effectiveness on Users and their Perceptions
293	Improving the Quality of Dementia Care in General Practice: A Qualitative Study	261 Sleep and Frailty: Examining the Effects of Frailty on Sleep Disturbance in Hospitalised Older Adults	79 Physical Activity Promotion Using mHealth: A Systematic Review and Meta-synthesis of Adults' Experiences
310	Impact of an Integrated Care Hub on Access for the Community to In-patient Rehabilitation: Right Place, Right Time	111 Adding Nuance to the Rockwood Clinical Frailty Scale	95 Accuracy of Off the Shelf Activity Trackers in Ambulatory Settings in Young and Old Adults
329	An Integrated Care Approach to the Uses of Social Prescribing in an Acutely Frail Older Adult Cohort	348 Developing a Frailty Index: Does the Composition of Functional and Disease or Risk Items Influence Frailty Estimates?	255 An Exploration of the Feasibility and Acceptability of Wearable Technology in Parkinson's Disease

10.30–
11.00

Tivoli 1 & Conference Foyer

REFRESHMENTS, POSTER VIEWING AND EXHIBITION

11.00–
11.30 **Moderated Poster Session A**

Tivoli 2

11.30– **Keynote Address:**

12.00 **Antipsychotic Use in People with Dementia, Useful or Dangerous?**

Prof. Matthew Sadler, Associate Professor, UCD School of Medicine

12.00–13.00	Session 2		
	Tivoli 2	Harbour 4	Harbour 5
	Palliative Care and End of Life	Social Gerontology/Autonomy/Social Inclusion and Policy	Rehabilitation
142	Advance Care Planning in Patients with Dementia: An Audit on End of Life Care in Hospital Deaths	6 The Intersection of Human Rights and Decision Making Capacity Legislation with Person Centred Approaches	217 Investigating the Delivery of Falls Prevention Interventions to Older People Following Multi-Factorial Risk Assessment: A Cross-Sectional Study
175	A Dyadic Approach to Life-Threatening Illness in Older Adults and their Spouse Carers	65 The Health and Well-Being of Family Carers of Older People: An Exploratory Cross-Sectional Analysis	30 Occupational Therapists Delivering Patient and Caregiver Home Safety Education in a Rehabilitation Setting
191	A Multi-Country Survey to Explore What Key Stakeholders Consider to be Important in a Model of Dementia Palliative Care	73 Challenges in Developing an Age-friendly County Programme in Ireland: Translating Global WHO Policy into Local Practice	138 The Role of Health and Social Care Professional Teams in the Emergency Department: A Qualitative Study of Key Stakeholders' Views
232	The Timing of "Do Not Attempt Resuscitation" Decisions in an Older, Frail Inpatient Population	100 The Factors Which Impact Non-Familial Intergenerational Interaction Within Public Space: An Integrative Review	170 Admissions to a Stroke Unit in an Irish Rehabilitation Hospital: A Review from Speech and Language Therapy
280	Acute Hospital Presentations Among Nursing Home Residents: A Retrospective Observational Analysis	129 To Examine the Factors Affecting the Health and Wellbeing of Centenarians Living in Ireland	224 Dance Artist and Physiotherapist Collaboration in Stroke Rehabilitation
318	Does a Teleconference-Delivered Educational Programme (ECHO) Provided to Nursing Homes Reduce Emergency Hospital Transfers?	153 Barriers and Enablers of Assisted Decision-making for Older People in Acute Care Hospitals: A Multi-Stakeholder Inquiry	235 Pyjama Paralysis: Time to Make a Move!
	Tivoli 2		
13.00–13.30	ALONE Willie Bermingham Lecture – Introduced by Seán Moynihan, CEO ALONE Capacity, Autonomy, and Staying in your Home – Is There a Conflict? Prof. David Smith, Associate Professor of Healthcare Ethics, RCSI		
	Tivoli 1 & Conference Foyer		
13.30–14.30	Lunch, Poster Viewing and Exhibition		
	Lunch and Learn		
	Harbour 6	Tivoli 2	
13.30–14.30	Promoting Assisted Decision-Making in Acute Care Settings for Care Planning Purposes (PADMACS) UCD	Inaugural Meeting of the Irish Frailty Network Interest Group of the Irish Gerontological Society (IFN-IG)	
	Tivoli 2		
14.30–15.00	Keynote Address: Thinking Outside the Box – Why Intergenerational Activities Matter Dr. Melrose Stewart, School of Sport, Exercise and Rehabilitation Sciences, University of Birmingham		

15.00– 15.30	Tivoli 2	Harbour 4

IGS ANNUAL GALA DINNER

Saturday 28th September 2019

09.00–
09.30

Tivoli 1 & Conference Foyer

Moderated Poster Session B

09.30–
10.00

Tivoli 2

Harbour 4

HOT TOPICS

MEET THE MENTORS

10.00–
11.00

Session 4

	Harbour 4	Harbour 5	Tivoli 2
	Innovation, Advances and Excellence in Ageing	Quality Improvement/Education and Training/PPI	Stroke and Neurology
61	Impact of Dedicated Geriatrician Involvement on National Emergency Laparotomy Audit Standards and Outcomes	38 Patient and Environmental Factors Influencing Recognition, Response Time, and Treatment of In-Hospital Stroke	16 An Analysis of the Impact of Establishing an Ambulatory Stroke Team
103	The Characteristics of Frail Older Patients Admitted Through an Emergency Department, who Experience New Disability due to Acute Illness	148 Orthogeriatrics, Just the Beginning...	33 "Striking Back Against Stroke"
106	Optimising Early Assessment and Intervention by Health and Social Care Professions in the ED: Preliminary Findings from the OPTIMEND RCT	171 Programme Theory to Guide the Adoption of Assisted Decision Making with Older People in Acute Healthcare: Realist Evaluation	53 Improving Door to Needle Times in Acute Stroke
184	A National Survey of Clinicians who Assess People with Suspected Dementia: Service Characteristics and Practice	253 An Overview of the Current Status of Specialist Geriatric Services in Ireland	192 Interleukin-6 and C-Reactive Protein Predict all Cause Death and Poor Functional Outcome after Non-Severe Stroke and Transient Ischaemic Attack
62	Engaging Older Adults in Co-Creating a Virtual Coaching Assistant (CAPTAIN) to Support Independent Living at Home	273 Characteristics of Centenarians in the Irish Hip Fracture Database	237 Systematic Review of Fibrinogen and Risk of Recurrent Stroke and Vascular Events after Ischaemic Stroke or Transient Ischaemic Attack (TIA)
		322 Major Trauma in the Older Person - Major Challenges Ahead	277 Frailty and Early Supported Discharge (ESD) Post-Stroke: Are Frail Patients Referred to ESD and is Frailty Associated with Rehabilitation Outcomes?

11.00–
11.30

Tivoli 1

REFRESHMENTS, POSTER VIEWING AND EXHIBITION

11.30–
12.00

Tivoli 2

Keynote Address:

Multidisciplinary Working in the Community: How the Whole System Can and Must Work Together

Dr. Eileen Burns, Consultant in Elderly Medicine, The Leeds Teaching Hospitals NHS Trust

12.00–

Gerontechnology Symposium

13.00

Developments in Technology and Ageing

Chair: Dr. Suzanne Timmons, Geriatrician, Mercy University Hospital, Cork. Clinical Lead for Dementia (ROI)

Technology: Enhancing Care and Support to Older People

Sophie Ainscough, ALONE

Innovation and Care of Older People

Dr. Colman Casey, Health Innovation Hub Ireland

Technology and Older People: The Scope of Privacy Rights

Prof. Mary Donnelly, School of Law, University College Cork

Measuring the Impact of Carebots in Nursing Homes in Japan: Beyond the Dichotomy of Technology and the Human Touch

Dr. Naonori Kodate, University College Dublin

13.00–

Keynote Address:

13.30

Changing Horizons in the 21st Century – Building an Innovative Health Workforce for Older People

Prof. Jonathan Drennan, School of Nursing & Midwifery, University College Cork

13.30–

AWARDS AND CLOSE OF MEETING

14.00
